R. HENLEY'S
ntain of Life!
THE
AT BLOOD PURIFIER!

PROGRESSIVE SCIENCE PERIODS AR-
a new direction is imparted to its course,
nected from the very of new facts shedding a
anges the whole aspect of the science. The
epoch of this kind, and this Great Remedy,
the public, in connection with the theory
based, is destined to effect an entire revo-
treatment of the diseases of

FULA AND KING'S EVIL!

the disease entirely from the blood. The
OF LIFE is compound entirely of vegetable
contains no Mercury or other mineral sub.

ter and Discoverer of this Sovereign Remedy
S THE WORLD to furnish anything, from
Esculapius down to the present time, in the
ical Science, which can vie with or excel
properties of this Great Blood Purifier. Its
n tested with the happiest effect in the most
of Scrofula, that baffled the skill of the
physicians in the world. No matter what
adful disease of SCROFULA and KING'S
ve assumed, it can in no way be more easily
arrested in its progress than by HENLEY'S
OD PURIFIER. Thousands have been swept
ves, who had they made a timely use of the
OF LIFE, might now be enjoying the bless-
and health. It requires an article of real
rinsic value to sustain itself. During the
of public experiment the FOUNTAIN OF
od the test trial, and not been found wanting.
ENLEY guarantees to CURE any case of
r KING'S EVIL in the world, and eradicate
tirely from the system, or no charge made
ey will secure him his pay when they are

FOR REFERENCE:
r you to L. L. Peck, of Portland, Oregon,
s of others, as to what a miraculous
n a short time, in cases that had baffled the
ians for years.

Horrible Diseases.
thousands of persons, both male and fe-
re who are suffering out a miserable exist-
effects of secret indulgences, or from virus
the system! Look at their pallid, emacia-
ured faces and their broken-down constitu-
lifying them for the happiness of marriage
ment of life. In this horrid situation thou-
until death closes the scene. Let patients,
ends, attend to those who are suffering with
horrible life-destroying maladies—see that
d for and cured before it be too late. Send
ately to Doctor Gibbon, a physician who has
disease his especial study for years, and who
ure the most inveterate cases without mer-
njurious drugs. It is important to those
ted, or to those who are interested in the
eir friends, to be careful of the many pre-
who infest all cities, publishing their skill
disease in a few days, imposing upon the
g the names of eminent physicians from
her places. Be therefore careful and make
, or you may fall into the hands of those

Seminal Weakness.
ssions, the consequence of self-abuse. This
or depraved sexual indulgence, is practised
of both sexes to an almost unlimited extent,
ith unerring certainty, the following train
ptoms, unless combatted by scientific med-
, viz: Sallow countenance, dark spots under
in the head, ringing in the ears, noise like
of leaves and rattling of chariots, uneasiness
s, weakness of the limbs, confused vision,
ect, loss of confidence, diffidence in ap-
ngers, a dislike to form new acquaintances,
to shun society, loss of memory, hectic
les and various eruptions about the face,
feted breath, coughs, consumption, night
s nts and frequent insanity. If relief be
should apply immediately, either in person
nd have a cure effected by his new and sci-
of treating this disease, which never fails of
ck and radical cure. Dr. G. will give One
ars to any person who will prove satisfacto-
at he was cured of this complaint by either
anciaco quacks.
IBBON is responsible, and will give to each
an instrument, binding himself to effect a
rmanent cure, or make no charge.

The University
HOMESTEAD ASSOCIATION

THE LANDS OF THE ABOVE-NAMED ASSOCIATION are situated in San Francisco and are eligibly and most desirably located, adjoining the grounds purchased by the Presbyterian University Society, on which College buildings are to be at once erected. The site is less than thirty minutes ride from Montgomery street; lying just west or back of the lands of the South San Francisco Homestead and Railroad Association and the Bay View Park, almost within a stone's throw of

ST. MARY'S COLLEGE.

The tract will require little or no grading, there being scarcely a single lot on which it would not be safe to build without any change of grade. It commands a

Beautiful View of the Bay,

And its opposite shore, and has a soil of extreme richness. So great are the natural attractions of the spot that very many of the wealthy citizens of San Francisco have already purchased whole blocks in the same tract, and design building residences thereon.

The Rev. E. Thomas, D. D.,

Is President of the Association; Lester L Robinson formerly Vice President of the Sacramento Railroad Company, is the Treasurer, and Thomas B. Lewis, formerly of Portland, Secretary.

Four lots, 25x120 feet each, constitute a share, costing $315—paid in monthly installments of $10 each, after the first payment of $20 has been made.

Maps and books giving full information of the workings of the Association can be obtained at the store of J. L. PARRISH & CO.

It is an easy and a cheap way for young men to procure property which will in a few years make them independent.

HO! FOR RUSSIAN AMERICA!
$12,000!
Worth of Property to be Given away!
Great Inducements offered to Persons
WISHING TO VISIT THE COAST!

ON AND AFTER WEDNESDAY, MAY 29TH, TILL August 1st, 1867, the well-known and fast sailing
STEAMER
U. S. GRANT,
Will make Two Trips per Week to the
CITY OF ASTORIA!
Carrying Passengers at $10, the Round Trip,
(Meals Included.)

The Boat leaves Portland Wednesdays and Saturdays at 7½ A. M. Returning leaves Astoria Thursdays and Mondays at 6 o'clock A. M.

Every person purchasing a Passenger Ticket will be presented with one of 200 Prize Tickets, to be drawn on the 1ST DAY OF AUGUST, 1867, for the following Prizes:
Steamer U. S. GRANT, to be divided into 4 shares;
ONE BLOCK OF LOTS IN EAST PORTLAND, divided into 8 shares, or one lot to the share, viz: Lots 1, 2, 3, 4, 5, 6, 7 and 8, Block 17, opposite the "New Columbian" Hotel, and at the terminus of the proposed Suspension Bridge;
ONE GOLD WATCH, worth $100;
150 CORDS DRY FIR WOOD, in 3 shares, to be placed on the Brooklyn Wharf.

The Steamer is 54 tons burthen, 52 horse-power engine, propeller wheel, draft of water 5 feet. She is being thoroughly refitted and refurnished as a Passenger Boat. The Boat will be delivered in perfect order, free from all incumbrance, and Warranty Deeds made for the real estate, to the persons drawing the same. Tickets can be had of C. P. FERRY, in Portland, where the money will be left on deposit till the prizes are drawn and delivered.

Any person having a claim against me, and wishing a ticket, can get an order for one by calling on me on board the boat. The person drawing the gold watch can have $100 in gold coin, if preferred.

C. P. FERRY, Broker, R. J. LADD, ex-Sheriff, AL ZEIBER, U. S. Marshal, and C. S. SILVER, Merchant, of Portland, are the Committee and Judges to direct the Drawing of Prizes. The Prizes will be drawn before the 1st of August, if all the tickets are taken before that time.

The above liberal offer is made to the traveling public to enable the subscriber to pay his debts, and not with any reference to speculation, as all the property is valued at much less than its cost, (the Steamer alone having cost $11,000), and the price for carrying passengers to Astoria being much less than the usual fare.
Portland May 21, 1867. d2m J. W. KERN.

PIONEER WASHER.
JAMES BRUSIE,
AGENT FOR OREGON AND WASHINGTON TERRITORY.

THIS CELEBRATED WASHING MACHINE IS now for the first time introduced to the Oregon public. It is unrivalled for its simplicity, durability and the rapidity and ease of its action. Washing the dirtiest clothes perfectly clean in from five to ten minutes, with but slight labor, and lasting, with proper care, for ten years. The wear and tear of clothing in washing by this machine is vastly less than by any other known process of washing. It is easily worked by one person.

This Machine captured the Special Premium at the California State Fair, and all that have used it pronounce it an invaluable adjunct to all housekeepers and families and washing men and washing women.

It has been extensively introduced throughout the State of California, and receives the universal commendation of all who have used it.

The undersigned is now in the city of Portland, where he can be seen at Mr. O. Kilbourn's Store, corner of Front and Yamhill Sts., East side, Portland, and is prepared to furnish the Machine to purchasers and also to sell and dispose of County Rights for the sale of the same.
Price for No. 1. .... $12.

[DISPATCHES TO THE OREGONIAN.]

OUR SAN FRANCISCO DISPATCH

SAN FRANCISCO, June 4.—No Eastern news to-day.

The opposition steamer *America* sails to-morrow at 11 o'clock.

This morning C. A. Low & Co., the consignees of the ship *Ellen Southard*, received a dispatch from Capt. Seldner, of the steam cutter *Wyanda*, at Santa Cruz. Capt. Seldner states that the ship is now at Santa Cruz, all right, but not having coal enough on board the *Wyanda* to tow her up, he had put Capt. D. E. Oliver and an officer on board to bring her up. The *Wyanda* was to leave at 11 o'clock to return to the port.

The Workingmen's Convention ticket will be ratified by a mass meeting at the American Theater to-night. J. W. Wilcox, S. C. Hickey, Thos. O'Brien and others will speak.

On Wednesday a great festival is to be held at Oakland. The commencement exercises of the College of California will be held at 12 o'clock. Professor Benjamin Silliman, of Yale College, will deliver the oration.

The annual election of trustees of the Crown Point Gold and Silver Mining Company occurred yesterday. Of the two thousand four hundred shares, one thousand eight hundred shares participated in the election. The following gentlemen were chosen: Thomas Sunderland, A. Hayward, W. B. Johnston, Chas. Bonner and Thomas Bell. Subsequently Thomas Sunderland was chosen President. The above Board is entirely new. Upon announcing the result of the election, stock assumed an upward tendency, and closed at eighteen hundred dollars, an advance of two hundred dollars since Saturday.

Our last gold quotation was 136¼ on Saturday. There is no change in legal tenders. Brokers are buying at 73½ and selling at 74.

Arizona News.

LOS ANGELES, June 4.—From Prescott via Mojave, we have the following Arizona items: Capt. Williams and a party of eighty men are out on a scout, with Tom Hodges as a guide. They have been out about twenty days. The Indians had stolen stock from the ranches on Gila and from farmers about Fort Whipple, the headquarters of Gen. Grigg. They also attacked Miller's Ranch, adjoining the town of Prescott. A broad Indian trail was discovered crossing the road between the military post and here. Hulbert and a party of men have gone to Skull Valley on a scout. The troops are all out except enough for garrison duty.

Mr. Sessions met on the Tanks near the Mohave road, Capt. Young and command on a scout. The Indians had stolen five of Hardy's mules from the toll gate, within ten feet of the door, several men being in the house at the time. Wicks on the 18th was chased by the Hualapuays from the Springs to Cottonwood, a distance of 15 miles. The next mail rider saw only two Indians on his way to Prescott.

Indian Disturbances.

SALT LAKE, June 5.—Two weeks since the Indians attacked Rock Creek Station on the Boise City and Idaho stage line and captured 20 head of stage stock. The Division agent and four others have just returned from a pursuit of the Indians for 175 miles in the Goose creek mountains. They came upon the Indians in camp, killed six of them and captured several. They recovered sixteen head of the stock.

The Indians attacked a party of stage men yesterday, in Bridger pass, east of Sulphur springs. J. Nichols, driver, and one other man, were killed. Geo. Lignan, Division agent, was badly wounded. The Indians have cleaned all the stock for 45 miles east of Sulphur springs.

1:40, P. M.—The Indians attacked a large train early this morning, twenty-four miles west of the Junction. They were repulsed and one Indian killed. They succeeded, however, in running off one team.

Ben. Holliday, arrived from the west, yesterday. He is detained here by Indian troubles and will probably return to New York via San Francisco.

No eastern news to-day.

Among the passengers by the schooner *Stanley* arrived from Yokohama, to-day, are the Dragon troupe of Japanese performers.

The dead body of Michael Gaud was found drowned in the lake near the Industrial school yesterday. He was last seen alive at the Seventeen Mile House a few days since.

We learn that a joint stock company of thirteen persons has been formed in this city with a view of sending a vessel in search of and to take possession of the newly discovered island in the North Pacific. The company have chartered the schooner *Leah*, of about 30 tons new register, for the purpose. She will sail to-day and carry a crew of six persons under the command of Capt. Woodsides.

The primary elections are proceeding quietly to-day in all the wards. The contest is likely to be a close one, and the result in a majority of the districts is doubtful.

By the British bark *Stanley*, 34 days from Yokohama, we have Japan dates to May 1st. She brings no news.

No later gold gold quotations. Legal tenders remain quiet, 73½ buying and 74 selling.

The ships *Ellen Austin* from New York and *Nevada* from Boston arrived this forenoon. The latter is a new vessel and has made her first trip to this port in 122 days. A good passage.

Markets.

Flour—The market is quiet and prices are unchanged. We quote Superfine hf sks, 196 lbs., at $5 50@5 75; qr sks, $5 75@6. Extra, hf sks, $6 25@6 75; qr sks, $6 75@8.

Wheat—600 sks good inferior bags, $1 75; 2,000 sks choice, $1 80. We quote market extremely dull at $1 70 @1 80; outside figure for strictly prime. 1,200 sks good shipping, $1 70 ₩ 100 lbs.

Barley—We quote range of market at 82½@92½c; sales include 1,600 sks feed at, 82½@85c; 47 sks choice, at 87½c.

Oats—1,400 sks fair, at $1 50.

Potatoes—Choice old are firm at $1 25@1 75, and new at $4 25 ₩ 100 lbs.

Wool—18c per lb.

Shipping.

Arrived—June 4th, bark *Chas. Mitchell*, 10 days from Port Madison.

SALT LAKE, June 4.—Indians depredations are on the increase between here and Denver. They took eight head of stage stock this morning from Swing station near the North Platte.

Sailed, June 5th, steamer *America*, San Juan Del Sur; steamer *Del Norte*, Eureka.

SAN FRANCISCO, June 5.—The primary election to-day was one of the most exciting and hotly contested primaries ever known in the city. The supporters of both the regular Union and the Peoples' Party tickets put forth all their available strength and worked hard for the success of their respective tickets. The regular Union ticket elect twenty-five of the thirty-eight delegates, giving them a handsome majority. The twenty-five delegates elected are said to be pledged to Gorham.

WATSONVILLE, June 5.—The Senatorial Convention met here this afternoon and nominated Ed. L. Williams, of Santa Cruz, for Senator for this district.

WASHINGTON TERRITORY ELECTION.

VANCOUVER, June 5.—Flanders has 57 majority in Clarke county. A. G. Tripp and H. G. Struve, Union candidates for the Council, have over 200 majority each. The whole county and legislative ticket of the Union party is elected by majorities ranging from one to one hundred and fifty. There were about 625 votes polled.

MYSTERIOUS.—The Umatilla *Press* relates the following:

Last Saturday Dr. Partlow was called to the Twelve-mile House to see a man who arrived on the stage who had been wounded by a pistol shot, but by whom or where the injury was inflicted is thus far not known. His own statements are not only contradictory in themselves, but in many respects absolutely false. He stated that he had been shot by John Meacham, a few miles this side of Meacham's Station. That as he passed Meacham's he heard one of the women in the house say, pointing to the wounded man, "there is the man that John is looking for," and that a few miles this side of the house he was attacked by three men. This is absolutely false, as Mr. Meacham has been on Eagle Creek, thirty-five miles from Baker City, for the last six or eight weeks. He also stated that he had been in company with Mr. Nickerson, on Birch creek, within a week, which is equally false, as Nickerson has been in Owyhee for some time. He also stated that he lay in the snow on the Blue mountains two or three days, in an unconscious state, which is positively negatived by locality and severity of the wound. The man did stop over night at Meacham's, and when he arrived at the Twelve-mile House the next day was suffering from the wound. While at the Twelve-mile House he did not disclose his condition, which was only ascertained by his becoming so faint and weak that gentlemen at the house made an examination of him, and discovered that he had been wounded. He then made the statements above referred to. Mr. Foster was in town on Monday, and for the first time heard of the man's being wounded, but recognized him as having stopped at Meacham's. The wound must have been inflicted between Meacham's and the Twelve mile House, but where, or by whom, is at present a great mystery. It is evidently either the act of his own hand, in a fit of mental derangement, or he has been shot by another while in some unlawful act, and takes this method to conceal his real character, and the circumstances under which the wound was received. The ball entered his breast a little below the heart, and lodged under the skin, near the back-bone, and when extracted, was found to have been flattened or bruised by contact with a bone, and it is supposed that fragments of the ball are still in his person. He gives but a little account of himself, and in answer to inquiries, says he can tell no more than what we have related. He will probably recover.

Ristori has performed 168 nights in this country, and the gross receipts have been about $450,000. Ristori's share is about $270,000.

The Chicago lake tunnel cleared $16,000 profit to its contractors.

Alaska is the name proposed for our new acquisition.

The Daily Oregonian.

THURSDAY MORNING, JUNE 6, 1867

Washington Territory Election.

The following is the vote of Cowlitz county: Flanders, 83, Clark, 83. For Prosecuting Attorney, Struve, R., 89, Rankin, D., 84. For Councilman, Struve, R., 89, Roe, D., 95. For Joint Representative, La Du, R., 93; Shepardson, D., 99. Clarke county complete, gives Flanders a majority of 57. This an unexpected gain. The incomplete returns now at hand show that Flanders is ahead 30 or 40 votes. We anticipate for him a majority of from 100 to 200 west of the mountains. The result is in doubt.

A Specimen of Choice Literature.

It cannot be denied that the Democratic press furnishes the country with some very choice literature. An individual named Pomeroy publishes a paper somewhere in Wisconsin, which, judging from the very wide circulation that is given to its articles by the Democratic press in general, may be supposed to stand very high in the estimation of that party. It may fairly be considered a representative paper, as it is quoted more extensively than any other Democratic journal. Pomeroy sports the pronomen of "Brick." "Tight as a brick" is a common proverb, and by a curious association of ideas on some such principle as this, "Brick Pomeroy" is supposed to have acquired his name. The theater of his existence, as we said before, is the State of Wisconsin—a circumstance which will not fail to recall to the minds of the people of Oregon the name of at least one other Democratic editor who once lived in the same State, and whose best title to fame is written in the frequently published and widely circulated posthumous papers of the Association once known as the "Forty Wisconsin Thieves." But we think it must be conceded that "Brick" has obtained a wider notoriety than even his brother editor, the ex-President of this honorable Association. He is more frequently quoted and more warmly admired than his co-laborer, formerly of Wisconsin and now of Oregon. The very fact that he is utterly wanting in decency renders him immensely popular with the rank and file of the Democracy, and the delight they manifest over his infamous productions shows that he is the embodiment of the genuine Democratic sentiment of the country. One of his choicest performances is a recent article vilifying the memory of Abraham Lincoln. The Governor of Illinois had designated the 14th of April, the anniversary of the murder of Mr. Lincoln, as a day of fasting and prayer, to be observed by the people of Illinois. Brick Pomeroy took the Governor's proclamation for a text for a Democratic sermon, and proceeded with his discourse in the following cheerful and edifying manner:

> "The darkest, saddest hour, in our entire history!" Ah! Oh! Ugh! Who ever should have thunk it? or had the glimmer of a conception of such an idea? And all because the clownish and uncouth tyrant, Lincoln, was knocked off the national chicken-roots by J. W. Booth burning a match under his gaunt beak!
>
> From town to town was carried the cold corpse of the Sangamon ignoramus, who deserved death on a gibbet for his foul crimes, months, years before the moment when Divine Retribution and Omnipotent Justice launched the blow, and summoned the destroyer of the Republic and foe of American liberty to stand in His dread presence.
>
> "Overshadowing national grief"—"poignant sense of bereavement"—"death's head in every heart"—were ever such moonshine and humbug given to the world before? That was two years ago, and him of whom these words were written has rotted almost unthought of, except for his crimes against God and his country—remembered only as other monsters who have preceded him in the history of earth, that curses may be uttered above his grave.
>
> "Saintly soul"—"martyr President"—in Heaven's name, sycophantic admirer of the sum of all human villainies, forbear! Let Abraham rest—give him and his record the soothing balm of oblivion—say with Christian resignation and humiliation—"The Lord gave—the Lord hath taken away—blessed be His holy name!"
>
> If it is necessary to select from the calendar of defunct apostles of crime some one name in whose honor our "Sucker" neighbors must fast, humiliate and pray, allow us to suggest the natal days of Judas Iscariot, Caligula, John Brown, or some of the other thousand and one Radical saints who have been called home for the incalculable benefit of peoples and the better security of life and property. But Abraham—pshl stir not up his odious record—he was too recently a stench in the nostrils of the people—give him rest—let him sleep a little while, if he can, in quiet so near near Democratic Springfield, which has but recently and gloriously repudiated Loyalism of the Lincoln Rump pattern.
>
> If Illinois Democrats fast and humiliate on the fourteenth, they deserve—but pshaw! they are no such men. They should treat the proclamation as one of profane Dick Oglesby's heaviest jokes, and have a feast of fat things—turkeys, puddings, and such—moistened, not with tears, but some of Kentucky's best old rye! Selah!

Now isn't that Christian-like? Isn't it admirable every way? We earnestly request the *Review*, the *Herald*, and other Democratic papers of Oregon to copy these rare paragraphs for the especial benefit and delight of their readers. There is matter in them to excite the most pleasurable emotions in the Democratic heart. Therefore we expect to see them widely copied and enthusiastically commended by the organs of that party throughout the State. We are quite sure that this cheerful article from "Brick's" admired pen must hitherto have escaped their notice. But we feel that we have done our duty in endeavoring to get it before Democratic readers. Possibly some Democratic editors who would like to commend it may be ashamed to do so. No fear of meeting the disapprobation of their party should deter them. They entirely mistake the character of their party if they suppose it would disapprove of the publication of such sentiments. The sentiments expressed in the extracts above given are undoubtedly the sentiments of the Democracy generally. Some of them may conceal their hatred and venom for Mr. Lincoln's memory, and their satisfaction at his assassination; but Brick Pomeroy only blurts out what he and they think in common about these things.

The Detroit *Post* argues that the House of Representatives has no right to withhold its assent to the appropriations necessary to carry out the Russian treaty. Did it possess such a right it would have it in its power to nullify and compass the practical defeat of every treaty made by the President and the Senate. In those branches the power to make treaties is vested by the Constitution. The Constitution, and laws of the United States made in pursuance thereof, and *all treaties* made under the authority of the United States, shall be the supreme law of the land. When a treaty is duly consummated it would be most dishonorable for the House to attempt to nullify it by withholding the appropriations necessary to carry out its provisions. But there is no danger that such an attempt will be made in this case, nor is it probable that any House of Representatives would ever make an effort to compass the nullification of treaties in such a manner.

TROOPS FOR EASTERN OREGON.—Gov. Woods, who has been some days in this city, presented us yesterday with the following copy of extracts from Specials Orders No. 31, issued from the Headquarters of this Department, making disposition of troops for the benefit of Eastern Oregon:

4th. Capt. Seth Weldy will proceed with his Company "I" 23d U. S. Infantry, to Baker City, Oregon, and establish a temporary camp on Willow creek, or somewhere between Powder and Burnt rivers and Mormon Basin, with a small detachment at Auburn, Oregon.

* * * * * * *

6th.—1st Lieut. S. E. Chamberlain, with Co. "D," 8th U. S. Cavalry will proceed by the way of Uniontown, Oregon, to Miller's Ranch and there take the old stage road to the junction of that road with Canyon City and Boise road. He will establish a temporary camp near Washoe ferry on Snake river and await orders from Gen. Crook, commanding the district of Owyhee.

* * * * * * *

8th.—Capt. Darragh with his detachment of Indian scouts, will proceed to camp C. F. Smith, Oregon, by the way of Harney Lake and report to Gen. Crook for further orders.

9th.—Company "K" 23d Infantry, under the senior officer present, will proceed by way of Dalles and Camp Currey to Camp Wright in Malheur Lake Valley, where it will be subject to orders from Gen. Crook, commanding District of the Owyhee.

The 4th of May number of the *Ledger* contained the beginning of Beecher's novel, which he has baptized "Norwood; or Village Life in New England.

It is calculated that this year in Rome there have been 21,000 Americans and 700 English.

Two African kings have subscribed fifty cents each toward a monument to Voltaire.

STATE ITEMS

The residence of Fabritus Smith, at Salem, was entered a few days ago by burglars and twenty dollars in money and a lot of jewelry stolen.

The *Unionist* says there is considerable talk just now about some new mines said to have lately been discovered on the base of the Cascade mountains, within a few miles of Camp Polk. This camp will be remembered as the camp established by Captain Charles LaFollett, of Company A, First Oregon Infantry, in the fall of 1865. The new mines are said to be a few miles from the Lebanon Wagon Road over the Cascade mountains. The report is that one of the discoverers has returned with a nugget valued at fifty dollars. Other parties have gone out and in a short time the particulars of their exploration will be made public.

On Tuesday last, says the *Unionist*, the wife of Mr. Lyts, the auctioneer, was found in her home in this city seriously wounded from a pistol shot. The ball had entered just above her left breast and ranged down and towards the right. It was extracted from the neighborhood of the spine. Her statement is that she inflicted the wound with the intention of taking her own life. She had been for some time in ill health, this, coupled with the fact that she and her husband have not been living as pleasantly together as man and wife should live, it is supposed by some conspired to drive her partially insane, and in a fit of insanity she thus attempted to destroy herself. It is a rare thing for women to commit or attempt to commit suicide with fire-arms. There is a reasonable probability that she will recover.

The *State Journal* publishes a letter from "Bohemia City," the metropolis of the new mines on the Coast Fork of the Willamette, of which the following is a paragraph: We arrived here on the evening of the 20th inst., and made camp about two miles from the Johnson Ledge, necessitated to do so from the fact of the snow being too deep and soft to proceed further with our horses. Came to the ledges next day; snow over the Johnson Ledge five feet deep but is going off rapidly, having gone down about two feet since we arrived; I believe another week will lay the ground bare on most of the ledge. Whatever the other ledges may be, the Johnson ledge is no humbug. We shoveled off the snow and took a surface prospect of it, Mr. Johnson being with us; we picked out a little of the rock, and it has the appearance of being one-fourth gold—found strings of gold in one of the pieces from one to two inches in length. Almost as good a prospect has been found on the other ledges, but this is the only one I have had an ocular demonstration of. I cannot give any information of them save from hearsay, and your readers, as well as yourself, have probably heard as much about them as I have. Mr. James Butler and forty others started this morning to find and prospect a ledge, supposed to be about fifteen miles from this place east. He, with a party, found gold bearing quartz in that direction several years ago, while prospecting for placer diggings; they will be gone three or four days. I shall write in the future with regard to their success and anything else that may transpire which I think will be of sufficient interest to communicate.

"FAMILY DYE COLORS."—The most useful and welcome articles to be found in almost every household in the land, are the FAMILY DYE COLORS of Howe & Stevens. They can always be relied upon, are easily used, and cost but a trifle. Sold by Smith & Davis.

THE MOTHER'S REMEDY.—For all diseases with which children are afflicted, is MRS. WINSLOW'S SOOTHING SYRUP. It relieves the child from pain, cures wind colic, regulates the stomach and bowels, and during the process of teething, it gives rest and health to the child, and carries it safely through the critical period. Hostetter, Smith & Dean, Agents for the Pacific Coast.

CURE FOR COUGH OR COLD.—As soon as there is the slightest uneasiness of the Chest, with difficulty of breathing, or indications of Cough, take during the day a few of "*Brown's Bronchial Troches*." Containing demulcent ingredients, they allay Pulmonary Irritation. Have them in readiness upon the first appearance of a Cough or Cold.

VAST CONTRAST.—What a great difference there must be between the climate of Russian America and the climate we live in; while the former is bitterly cold, the latter is extremely warm, and while other houses in this city sell goods at extreme high prices, KOHN & FISHEL, No. 91 Front street, have come down to the other extreme by selling Clothing and Gents' Furnishing Goods, etc., at very low prices, of which every person is already convinced, and those who ain't, can be convinced by calling on them and be convinced.

PERFECTLY SATISFIED.—Every one that visits BUCHTEL'S PHOTOGRAPH GALLERY, comes away perfectly satisfied with their bargains. The highest style of the art is reached in the beautiful Sun Pearls and Photographs.

"THE SCIENCE OF LIFE,

Or, How to Live and What to Live For."

A highly interesting and valuable Work, including "The Philosophy of Marriage," Mental Diseases, Their Cause and Cure," and a thousand valuable hints and good counsels for young men.

THE PROPRIETOR OF THE

Pacific Museum of Anatomy and Science, San Francisco,

Have determined, regardless of expense, to issue FREE (for the benefit of suffering humanity) some of their most interesting and instructive Lectures on Marriage and its disqualifications; Nervous Debility, Premature Decline of Manhood, Indigestion, Weakness or Depression, Loss of Energy and Vital Power, the Great Social Evil, and those maladies which result from Youthful Follies, Excesses of Maturity, or Ignorance of Physiology and and Nature's Laws. These invaluable Lectures have been the means of enlightening and saving thousands, and will be forwarded FREE on receipt of four cents in postage stamps, by addressing "Secretary Pacific Museum of Anatomy and Science, at the Bella Union Theatre, Montgomery street, San Francisco."

Letters to be sent through Wells, Fargo & Co.

COUNCIL PROCEEDINGS—The Council met on Wednesday evening, and the Mayor being absent, was called to order by the Clerk W S Caldwell Present Messrs Carson, Fechheimer Halleck McCraken O Connor and Zeiber

Mr Halleck was elected President pro tem

The minutes of last meeting were read and approved

PETITIONS, REMONSTRANCES COMMUNICATIONS ETC

A communication was received from J P O Lownsdale resigning his seat in the Common Council

On motion his resignation was accepted

The following communication from his Honor, Mayor Holmes, was received and read

PORTLAND Oregon June 5 1867

To the Honorable Common Council of the City of Portland—GENTLEMEN In accordance with the resolution passed at your last meeting I beg leave to submit herewith a statement of my action under the resolution passed May 15, 1867, directing me to correspond with Col Williamson, U S Engineer in relation to the improvement of the navigation of the Willamette river

On the 25th ult I wrote Col Williamson withdrawing the bid made under your resolution of March 6 1867 and informing him that all the facts attainable would be forwarded him by next steamer

On the same date in answer to my request for information in relation to the cost of the dredging apparatus expense of working the same &c the amount of work done and to be done I received from the City Auditor a communication accompanying a detailed statement of the whole amount expended by the city in the prosecution of the work, a copy of the report of the committee on River Improvement made to the Common Council January 9 1867, together with a tracing of the map and estimate made by Col Belden now hanging in the Council Chamber, all of which have been forwarded to Col Williamson, together with a letter addressed to me by Capt H C Leonard and a communication from myself

As the several papers explain themselves I herewith enclose you copies thereof viz

My letter to Col Williamson dated May 25, 1867 numbered (1) one

A detailed statement of warrants drawn upon the Willamette River Fund by order of the city Common Council during the years 1865—66 and 67 marked A

A communication from the City Auditor accompanying the same, numbered (2) two

A Report of the Committee of River Improvement made to the Common Council June 9 1867, marked B

A letter from Capt H C Leonard marked C

My letter to Col Williamson, dated May 28 1867 numbered (3) three

I am in receipt of a letter from Col Williamson stating that he will probably visit Portland by the next steamer

Respectfully submitted

THOMAS J HOLMES

Mayor

PORTLAND Oregon, May 25, 1867

Col R S Williamson U S A—SIR Enclosed please find a copy of resolution, adopted by the Common Council of this city, on the 15th day of the present month, and in accordance with instructions contained therein, I herewith withdraw the proposal for dredging Swan Island Bar made to you under resolution of the City Council passed March 6th, 1867

I regret my inability to fully inform you (by this steamer) of all particulars and facts relative to the nature and condition of the bars of the Willamette river both at Swan Island and the mouth of said river the cost of the work, &c., but by next steamer will send you all the facts relative to the matter, as required by the enclosed resolution, together with a correct map of Swan Island Bar, lately made under order of the Common Council, fully showing the present condition of said Bar and the amount of cubic yards yet to be removed to make a channel giving 18 feet at low water

Hoping this may be satisfactory until next steamer

I am, very respectfully yours

THOMAS J HOLMES, Mayor

Statement of warrants drawn upon the "Fund for Improving the Navigation of the Willamette River Dredger Fund," etc., by order of the Common Council of the city of Portland

STATE OF OREGON }ss
City of Portland

I hereby certify that the foregoing summary is correct and true and that the amounts therein specified have been expended during the years therein named by order of the Common Council of the city of Portland out of the funds for the improvement of the navigation of the Willamette river as appears by the books and accounts in my office

{L.S.} Witness my hand and the seal of said City hereto affixed this 24th day of May 1867

W S CALDWELL,

Auditor and Clerk

PORTLAND May 25th 1867

SIR —In reply to your enquiries as to the amount of money expended by the city for improving the navigation of the Willamette river the cost of dredging apparatus the expense of working the same repairs, &c amount of work done and to be done, and such other information on the subject to be gathered from the Records and Files in my office I have the honor to hand you a statement (marked A) of warrants ordered paid out of the fund appropriated for the improvement of the navigation of the Willamette river arranged as near as practicable in order appropriate heads The expenditures having been until recently kept in one general account there are probably items placed under one head which properly belong to another as a general rule I have placed the whole amount of the warrants under what appeared to be the appropriate head for the largest proportion thereof

I also enclose herewith a copy (marked " B) of the report of the Committee on River Improvement made to the Common Council January 9 1867, showing the amount of work done during the past year Copies of the reports of the engineer in charge of the work referred to in the report of the Committee will be furnished if desired

During the present year the apparatus has been used a few days principally in removing snags

As to the amount of work to be done I beg leave to refer you to the report of the committee (exhibit B) and also to the sketch and estimate prepared by Col Geo H Belden from surveys and soundings made by him assisted by Captain Strang and Brown river pilots as per resolution of the Common Council passed March 22d, 1867 a tracing of the sketch &c is herewith handed to you

Very respectfully yours &c

W S CALDWELL,

Auditor and Clerk

To the Hon T J HOLMES

Mayor of the City of Portland

To the Honorable the Common Council of the City of Portland—Your Committee on River Improvement, now that the dredger is laid up and a suspension of the work entrusted to their care has taken place, beg leave to report the amounts expended how expended the amount of work done and condition and situation of the apparatus and make such suggestions for the future as their experience may dictate The amount actually expended during the prosecution of the work will approximate $ 8 000 as follows

Construction of dredger	$11 000 00
Changing the dredger into snag puller	810 23
Tackle &c for the above	1 200 17
Submarine armor	1 197 83
Altering and strengthening the boats &c	142 [illegible]
Tow boat	2 675 00
Labor repairs fuel &c &c	10 6[illegible] 34

The apparatus is now in complete working order for is moved back with place known as the "Lone yard" and is in charge of a competent faithful person who has been employed at the rate of $60 per month to watch pump the boats and take charge of the property named in schedule accompanying Engineer's report

There has been employed under [illegible] for the dredger and to take the snags [illegible] to and from the place of dumping, a tow boat which was chartered at the rate of $25 per day when in actual service the owner of the boat furnishing fuel oil and keep it in repair a captain engineer and [illegible] deck hand (who were to unload or if more [illegible] was required assist in unloading the scows) This was found to be much more economical than the purchase of a boat as the following facts and figures will show

A boat of the capacity required for all the purposes will cost $8 000

Interest on $8 000 at 1 per cent per month	$ 80
Wages of captain and engineer per month	200
Wages of deck hands	80
Board of men	65
Oil &c &c	30
Wood	170
Making a total per month of	$625

or $21 per day leaving a difference of but $4 per day during the time it was employed to cover expense of repairs insurance and use of boat when unemployed during the whole time

There has been excavated during the time the machines were employed 35 160 cubic yards of earth as follows

In the ditch mouth at the mouth of the river	10 750
In what is known as the lower mouth	6 50
At Swan Island	20 160

In addition to this a large number of snags have been removed all of which has been fully reported each week by the Engineer in charge which reports have been published in the daily papers in this city and are now on file in the office of the City Auditor

The work done in the middle channel was necessarily temporary the character of the bed of the river is quicksand which precludes the possibility of permanent improvement Only sufficient work was done to enable the steamers to come to the city during the low stage of water Your committee are of the opinion, concurred in by an officer of the U S Engineer Corps who was sent by the Government to survey and report upon the proposed improvement of this river, and the engineer in charge from the character of the soil in the lower mouth and on Swan Island Bar, that the improvement as far as made is permanent, and when thoroughly done will be kept open by the force of the current, requiring no other outlay than to remove snags that may occasionally drift there At the lower mouth a channel has been excavated 120 feet wide giving a depth of 18 feet at low water for a distance of 600 feet

At Swan Island a channel has been excavated 1100 feet long 120 feet wide giving 16 feet at low water There remains about 400 feet in length to complete the work at this point

* * * * * * * *

Respectfully submitted

JOHN McCRAKEN
J P O LOWNSDALE } Com

Reported to and adopted by the Common Council, Jan 9th 1867

W S CALDWELL,

Auditor and Clerk

NOTE —The portion of the report omitted refers to the necessity of a vigorous prosecution of the work, and the mode of providing for the expense W S C.

PORTLAND May 25 1867

SIR —In accordance with your request, I have referred to the accounts pertaining to the expenditures made under my direction and of the fund raised by individual subscriptions, by the citizens of Portland in September 1864 " for the purpose of clearing out the obstructions in the channel at the mouth of the Willamette River," and beg leave to state that the amount of subscriptions realized was $9 190 (nine thousand one hundred and ninety dollars) There was expended out of this amount 55 per cent —$5 054 20, the balance $4 570, returned to the subscribers *pro rata*, $4,013 60

The work done was immediately at the mouth of the river and extending up the channel a distance of about 1 700 feet This portion of the channel was, at that time, so completely blocked by snags, as to make it totally impossible for steamers to pass up, even at high tide

We succeeded, with the means at hand, in getting out, and removing, as near as I can recollect between 40 and 50 large snags or trees, besides many smaller ones, and for the time opening the main, or old ship channel We did nothing at Swan Island Bar at that time or during that season, as we expected to do, for the reasons that the divers we employed from San Francisco, could remain no longer, and the tug boat which was used as a tender to our snag boat, we could charter no longer for that service.

Since then I have passed through the mouth of the river several times, and find that the shifting sands there have greatly changed the direction of the channel, and I learn from the pilots, that this has exposed many large snags and trees that were then imbedded and out of sight and which if not removed, before our next season of low water, will seriously impede the navigation for sea going vessels.

I am, very respectfully,

Your obedient servant,

H. C LEONARD

To HON T, J HOLMES, Mayor.

PORTLAND May 28th, 1867

B S WILLIAMSON Brevt. Lt Col U, S A Major of Engineers—Sir : In obedience to a resolution of the Common Council of the City of Portland, Oregon a copy of which accompanied my communication under date of May 25th 1867, I have the honor of transmitting to you such information as is attainable in regard to the bars at the mouth of, and at Swan Island, in the Willamette river

First—The amount and cost of the work that has been done by the city

The cost of the work done by the city is fully stated in the statement herewith enclosed marked A " which is accompanied and explained in a communication to me by the City Auditor, of date May 25th 1867

The amount of work done, and to be done is also fully shown in the report of the committee of the Common Council, of which committee Col John McCraken was chairman, a copy of which is herewith enclosed marked "B," and also more fully in the sketch made by Col Geo Belden, herewith enclosed The estimate of work made by Col Belden, accompanies the sketch

I beg leave to call your attention to the apparent contradictions between the report of the committee, and the sketch and estimates of Col Belden

The sketch and estimates of Col Belden are based on actual surveys and soundings, made by him, assisted by Capt, Strang and Capt Brown skillful and competent pilots, long acquainted with the river The estimates of the committee are not based on actual soundings and surveys but are founded to a great extent on conjecture

Your acquaintance with the needs of our city and State renders it superfluous for me to press upon you the " urgent necessity of prosecuting the improvement of the navigation of the Willamette river at an early day, satisfied as I am that you have every disposition to render effectual the appropriation Congress has made for our benefit in this respect

If further information is desired please indicate to me its nature and the particular points, and I will have great pleasure in obtaining and transmitting the same to you if obtainable

The enclosed statement of expenditures marked " A," does not include the five thousand and fifty four 50 100 dollars expended (previous to building dredger) in the most judicious manner under the personal superintendance of Capt. Sherman C Leonard, and with great improvement to the navigation of the river See his enclosed reply to my inquiry, marked "C."

Excavations yet to be made at Swan Island Bar to secure 14 feet of water at low water, 46 026 42 cubic yards See sketch of soundings and estimate for Swan Island Bar, by Geo H Belden, surveyor, assisted by Capt. Strang and Capt Brown, river pilots

Total expenditures to date, $54 304 64

Very respectfully yours, THOS J HOLMES

Mayor

The communication of the Mayor was ordered to be placed on file

REPORTS OF COMMITTEES

The Ways and Means Committee to whom was referred the petition of M Seller and others, reported favorably thereupon The report was adopted

The Committee on Streets and Public Property to whom was referred the remonstrance of I H Co... and others against the proposed improvement of Alder street, report ed that the remonstrance is not signed by two thirds of the property holders ; but finding that said street is not legally established beyond a certain point between Seventh and Eighth the committee recommend that the improvement be abandoned beyond Seventh street and that notice be published accordingly The report was adopted

The Judiciary Committee to whom was referred the Marshal's communication respecting his inability to sell for want of bidders certain lots reported that since that communication was received the property has been sold and that no further proceedings are necessary

REPORTS OF OFFICERS

A report was received from Marshal Hoyt returning the warrants placed in his hands for the collection of delinquent taxes for improvement of B street and reporting that the several amounts had been collected and paid over to the treasurer Report ordered filed

CLAIMS AGAINST THE CITY

The following claims were allowed and ordered paid Portland Gas Co bills for the month of May $207 25 Portland Water Co water for May $50 E J Northrup, axe for pest house $2 C Bills & Co carriage hire $5 R Pittock, rent of engine house for May, $30 W S Caldwell, salary as Auditor for May $125 H I Hoyt, Marshal, salary for May $125 Phillip Saunders, and O Connor, Deputy Marshals salary for May, $100 each Jas Dougherty wages as watchman on dredger for month of May, $60

The following bills were referred to the Committee on River Improvements Emil Lowenstein & Co framing chart of Swan Island bar $15 Bills & Co hauling $1 50 W S Caldwell, sundries for dredger $3 25

BUSINESS TAKEN FROM THE TABLE

The resolution authorizing a modification of the city's plan for improving Swan Island bar was taken from the table and its further consideration indefinitely postponed

SUIT AGAINST THE CITY

The Mayor informed the Council that the City Attorney had notified him that a suit had been instituted by the Portland McAdamized Road Co against the city for damages in the washing away of their road last winter and that the process had been served upon him (the City Attorney)

The communication of the Portland McAdamized Road Co to the City Council asking its consideration of their claim for damages was taken from the table and its further consideration indefinitely postponed

READING OF ORDINANCES

The ordinance to appropriate $100 for firing a salute on the coming 4th of July, was read third time and passed—yeas all present

Mr McCraken asked and obtained leave of absence for the remainder of the evening

The ordinance to provide for the time and manner of improving Second street was referred to the Committee on Streets and Public Property without reading

PROPOSITIONS AND MOTIONS

The Committee on Elections reported a resolution appointing places for opening polls for the approaching City election and judges and clerks to conduct such election as follows Polling places—1st Ward Engine House No 2 2d Ward Hook & Ladder's truck house 3d Ward Hayden's house corner Third and Market streets Judges and clerks of election 1st Ward Geo H Flanders, W H Moltbrop and A L Lovejoy Judges, B G Whitehouse and A C Ripley, clerks 2d Ward, J C Kingsley Wm Beck and L M [illegible] Judges H H [illegible] and W F [illegible] clerks 3d Ward W [illegible] M J McLaren and J H Hayden Judges B [illegible] and C A D[illegible] clerks

The Council then adjourned

U S CIRCUIT COURT DECISIONS —Wednesday June 5th 1867—Dan'l H Evans vs C F Hunt *et al* [illegible] answer [illegible] complaint [illegible] $500 [illegible] defendant [illegible] to file amended answer

B [illegible] vs Shea [illegible] Demurrer to [illegible]

Seligman *et al* vs Strong, administrator Demurrer to complaint overruled

A M Starr vs A H [illegible] *et al* [illegible] Elizabeth [illegible] Hamilton [illegible] Alexander Hamilton [illegible]

[illegible] UNION NOMINATIONS —At the meeting [illegible] Union Committee J P O Lownsdale was nominated for Mayor receiving 311 votes [illegible] Dryer 112 J J H[illegible] was the nominee for Recorder [illegible] C P F[illegible] 238 [illegible] the competitors for the office of Assessor were W W Wetsel and S A Moreland The former received [illegible] votes and the latter 162 Wetsel was thus nominated The entire proceedings of the primary election were [illegible] and the vote thrown was larger than on any recent similar occasion

RUSH OF FREIGHT —On Tuesday night the competition among shippers of freight ran so high that the drays were kept running till four or two hours past midnight The vast piles of freight on the wharf yesterday morning exceeded anything of the kind probably ever before seen in Portland The steamer now at the dock will not be able to take much over half of it There is fully a full cargo which is for the *Ajax* In addition to the freight here awaiting shipment we learn there are several hundred barrels of Salmon at Astoria which the owners are anxious to get off

STRUNG A LEAK —The steamer *Alert* came down on Monday with 230 tons of wheat and flour to go on board the *Oriflamme* The ship not being ready to receive freight the *Alert* was hauled alongside and all freight kept in her When the unloading was to proceed the same time yesterday it was found that she had sprung a leak, astern and it became necessary to start the steam pumps and change her freight forward The leak was however stopped in a short time and the damage is discovered to be slight

CHANGE OF STEAMERS —The O S N Co's steamer *Okanagan* has been withdrawn from the Astoria route and will commence to-day running regularly to Monticello The *Rescue* will be laid up for repairs The *John H Couch* will on Friday resume her regular trips to Astoria The *Couch* has been put in splendid condition

PORTLAND LIBRARY ASSOCIATION —The Directors of the Portland Library Association held a meeting yesterday afternoon and reduced the fee for admission to membership from $5 to $2 The Association has on hand a very good selection of books and is constantly adding others

PROF GROB'S CONCERT —We hope our readers will recollect that Prof Grob's Concert will take place this evening at Oro Fino Hall The programme offered is an unusually inviting one and the concert will undoubtedly be such an one as to amply repay attendance

DAILY LINE OF STAGES —The Dalles City and Umatilla stage line has been changed from a tri weekly to a daily line Stages now leave each end of the line every morning at three o clock going through the same day See new advertisement this morning

STOVES AND TINWARE —At Milwain & Joynt's is a good place to buy any kind of a stove furnace or range If you want any article in the line of ironware, call at Milwain & Joynt's Read their advertisement under the head of New To Day "

WILLAMETTE FREIGHTS —The *Senator* brought down from Oregon City yesterday 331 qr sks flour, 125 reams wrapping paper, 8 bales do , 2 gunnies bacon, 484 bags wheat, 14 sks feed, 1 coop chickens, 6 boxes produce, 2 hlf bbls do

FIRST SHIPMENT OF PAPER —Messrs McCraken, Merrill & Co , ship to day by the steamer, one hundred bales straw wrapping paper of Oregon City manufacture, This is understood to be the first shipment of that article, to San Francisco

RACE —Last evening there was a match made to run a single dash of four miles between Kate Darling' and a horse known as ' Finnegan, catch weights to take place at four o clock to day over the Riverside track

STILL ANOTHER PIC NIC —The Fenian Guard has resolved to go upon a target excursion and pic-nic, on the 4th of July Oswego is selected as the scene of their festivities on that occasion

PIONEER BASE BALL CLUB —The Club will meet for practice this afternoon at 5 o clock, on the grounds There will also be a special meeting at Buchtel's Gallery at 8 o clock in the evening

TO SAIL —The steamship *Oriflamme* will sail for San Francisco this afternoon at 6 o'clock

MUSIC —Mr S J McCormick has purchased the entire stock of music and musical instruments belonging to Messrs H Sincholm and L T Shultz Mac is, therefore, pretty largely in the musical line, and those in want of anything of that sort would do well to give him a call, at 105 Front street

UNION CENTRAL COMMITTEE —At the Union primary meeting yesterday Messrs C Bills Wm Masters and D Monastes, were elected a Union Central Committee, for the city to serve until the municipal election of 1868.

ASTONISHING, ISN'T IT—That ex President Buchanan is 76 years old, worth $200,000, walks a mile a day What is that to Barman Bros ? They expect to get that old, perhaps without a cent, before they quit selling Custom Made Clothing, cheap for cash on corner Front and Morrison streets, (formerly City of Paris Store,) Portland

COLUMBIA FISH MARKET, foot of Stark street opposite Arrigoni's, receive daily large supplies of fresh salmon, which are offered at the lowest rates Please call and examine

DRAKE'S PLANTATION BITTERS

Have been of great service in making people healthy and keeping them so They should be found in every house hold

They give tone to the Stomach, vigor to the body and remove dark thoughts and unhappy feelings from the mind They relieve pain and fortify the whole system against the attacks of disease

There is nothing better to take for the Stomach sake than the PLANTATION BITTERS

They cure Dyspepsia Heartburn Indigestion Drowsiness Headache, Pain in the Side Liver Complaint, and Rheumatic Pains with magical power

A good effect is felt at once upon making the first trial No change of diet is necessary Eat the best you can get and all you want Follow our directions and you will soon feel

WELL, STRONG AND HEARTY

A great many side hits are being made at the Plantation Bitters by a score or two of disinterested friends who have endeavored to imitate or counterfeit them It is all of no use The people won't be imposed upon The Plantation Bitters are increasing in use and popularity every day and that's what's the matter They are the same sized bottle and made just as they were at first, and will continue to be or we shall stop making them

They create a healthy appetite
They are an antidote to change of water and diet
They overcome effects of dissipation and late hours
They strengthen the system and enliven the mind
They prevent miasmatic and intermittent fevers
They purify the breath and acidity of the stomach
They cure Dyspepsia and Constipation
They cure Diarrhœa, Cholera and Cholera Morbus
They cure Liver Complaint and Nervous Headache

They are the best Bitters in the world They make the weak strong and are exhausted nature's great restorer The Recipe and full Circular are around each bottle Clergymen, Merchants, and persons whose sedentary habits induce weakness lassitude palpitation of the heart, lack of appetite distress after eating, liver complaint, constipation, &c, will find immediate and permanent relief in these Bitters But above all, they are recommended to weak and delicate females and mothers

They are sold by all respectable merchants See that each bottle has our private United States Stamp over the cork and steel plate side label

Beware of refilled bottles See that the stamp has not been tampered with Any person pretending to sell Plantation Bitters by the gallon is a swindler and impostor, and should be immediately reported to us

Mustang Liniment.

OVER A MILLION DOLLARS SAVED!

Gentlemen —"I had a negro man worth $1 200 who took cold from a bad hurt in the leg, and was useless for over a year I had used everything I could hear of without benefit until I tried the Mexican Mustang Liniment. It soon effected a permanent cure "

J L DOWNING

Montgomery, Ala., June 17, 1859

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches or Galls on Horses Our men have used it for Burns Bruises, Sores Rheumatism, &c , and all say it acts like magic J W HEWITT,

Foreman American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment

Gloucester, Mass , Aug 1, 1865 ED SEELY "

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand Quick and sure it certainly is All genuine is wrapped in steel plate engravings, bearing U S. Stamp of DEMAS BARNES & Co over the top

An effort has been made to counterfeit it with a cheap stone-plate label Look closely!

Lyon's Katharion.

It is a most delightful Hair Dressing
It eradicates scurf and dandruff
It keeps the head cool and clean
It makes the hair rich, soft and glossy
It prevents hair turning gray and falling off
It restores hair upon prematurely bald heads

This is just what Lyon's Katharion will do It is pretty—it is cheap—durable It is literally sold by the car load and yet its almost incredible demand is daily increasing until there is hardly a country store that does not keep it or a family that does not use it

E THOMAS LYON, Chemist, N Y

Lyon's Extract Ginger.

LYON'S EXTRACT OF PURE JAMAICA GINGER—for Indigestion Nausea Heartburn Sick Headache Cholera Morbus Flatulency &c where a warming stimulant is required Its careful preparation and entire purity make a cheap and reliable article for culinary purposes Sold everywhere at 50 cents per bottle Ask for "Lyon's" PURE EXTRACT, Take no other

CAUTION—See that the private U S Stamp of Demas Barnes & Co is over cork of each bottle None other is genuine

Lyon's Flea Powder.

DEATH TO FLEAS —It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of fleas ticks bed bugs, roaches &c that it is perfectly poison to the insect tribe but strictly harmless to the human species and domestic animals The genuine has the signature of E Lyon and the private stamp of DEMAS BARNES & Co Anything else of this kind is an imitation or counterfeit Any druggist will procure the genuine if you insist you will have no other

A Model Report.

The "locals" of Chicago indulge in a style of writing up Police Court cases which gives a peculiar spice to their columns and wonderfully lightens up the entire paper. Here is a specimen brick from the *Republican*:

On Wednesday last the honeymoon of Mr. and Mrs Barton ended. It ended by mutual agreement, and without any of those bickerings which too often lend a charm to married life. That morning Mr Barton bought a latch key, and when he came home to dinner, showed it to his wife. She understood it at once. Like all women, she knew that latch keys and honeymoons were incompatible things. When the honeymoon is over, the husband cares for his wife in a practical point of view. He does not want her to come down to the door late at night and let him in. She might get a cold, and thus become sick.

To show her husband that she agreed to the ending of the honeymoon, Mrs. Barton invited three elderly married ladies to take tea with her. The three ladies were prominent members of the Neighbors' Missionary Society. The objects of that society are to see that one's neighbors live as they ought to, and to discuss and investigate every one's character. Meetings may be held at any time and at any place. Two women constitute a quorum. For some years past the society has been in perpetual session.

When Mrs. Barton told her husband of the invitations she had given, he felt happy. He saw that she had quietly accepted the inevitable. He had his supper that evening at a restaurant. When he left there, he met some friends. They asked him how he liked matrimony. He replied, "Let's take a drink." The answer was satisfactory, and they drank to it. Then they drank to Mr. Barton, to his wife, to his married life—the last in silence. Becoming confidential, he told his friends that he knew he should be the father of a large and flourishing family of eight or nine children. Would they not drink to those children? Separate drinks were had for each of the nine children. Then they drank to Mr. Barton's next wife.

At that moment Mr. Barton was deeply affected and wept. Never, he told his friends, would he marry again. Even if his wife died, the greater part would remain with him. He would put her false hair, teeth, and the numerous other falsities in a glass case, and in gazing on them he would be gazing on his wife. She was superior to, and better than other women. She wasn't made out of dust. She was one of Mrs. Demorest's best articles.

One of Mr. Barton's friends, Mr. Cameron, said those remarks were a reflection on a woman. His father's grandmother was a woman, and that made the thing personal. He would have to knock his friend Barton down. It was his duty to do so, and he trusted Barton would take it in a friendly spirit.

He knocked Mr. Barton down, and a fight followed.

Then came policeman and arrests.

The Armory and the Police Court.

Fines of $10 each.

Fine Stock.

It has been our boast, and a just one too, that Jackson county was a little ahead of any county in this State in the matter of fine horses. The boast is not an idle one. There are, at a rough calculation, sixty or seventy stallions in our county, that, for fine points, speed, beauty and service, will compare favorably with a like number in any county on this coast; but our people are beginning to ask if blooded Stock is a profitable investment? It is well enough for millionaires to indulge in the possession of fast and beautiful horses, but in a community like ours, where there is but little surplus capital to spare, and where the great object of life is to make money, people naturally seek the most profitable investment. It is well enough to feel proud of our fine stock, but as a marketable commodity what are they worth? Who wants them, or, in wanting, will give in dollars and cents what they have actually cost? These questions are presenting themselves in a serious light to the people of this valley, and it is quite obvious that horse raising has been somewhat overdone and more profitable pursuits somewhat neglected. At present there is a great demand for beef cattle, and no enquiries are made as to beauty, blood, or points, other than those of size and weight. Buyers, with well filled money bags, are passing our valley in search of beef for California and Nevada markets, and finding it in localities where people have talked less "horse," but evidently had more "horse sense," than those of Rogue River valley. About twelve hundred head of cattle have been driven across the mountains this spring, only about two hundred of which were purchased in this country; and it is the opinion of the best judges that there are not at present over three hundred marketable cattle in this locality, that formerly supplied thousands. We think there is no danger that cattle raising will again be overdone in this part of the country, for the reason that the wild grasses on the stock ranges of California have been so completely eaten out that that State must certainly continue to offer a good market for our beef, for many years to come; and with an almost unlimited extent of unoccupied grazing lands, we see no reason why we should not successfully compete in that market. If any one doubts that cattle raising is much more profitable than raising fine horse flesh, let them make a calculation of the first cost of colts, taking into consideration the care and attention absolutely necessary to their development—compare it with the cost of raising calves; and the relative cash value of each animal when fit for market, will be convincing proof that our views are correct.—*Jacksonville Sentinel.*

"How are you, Bill?"—Yesterday afternoon, during the recess of the Convention, we took a stroll up Main street, with our oleaginous and good-looking young friend, Judge Wilt. T. Hanly, of Mount Sterling. Our objective point was Estcott's gallery, where we intended to dazzle his eyes, bewilder his brain, and captivate his fancy, by introducing him to the master works of the painter's genius. Just after passing Fourth street, we were considerably astonished, and our friend—who, without exception, is the most modest man in Kentuckey—taken "all aback," by a young and lovely lady rushing out of a store and throwing a pair of the whitest, roundest, and plumpest arms about the Judge's neck. Warm, earnest and heavenly kisses fell upon his own, from lips that would tempt a bee to search for honey. Between the pauses of the kisses, she exclaimed:

"Why, Bill, how are you? [Kiss.] When did you get back? [Kiss.] Where have you been all this time? Why have you not been to see us, you queer old duck, you?" [Kiss, kiss.]

"M-a-a-d—" [Kiss, kiss, kiss.]

"There, there, you darling—[Kiss]—I'm not going to scold you!" [Kiss, kiss, kiss, kiss, kiss.]

Our friend's face turned as red as a boiled lobster. His eyes stood out from his head like the horns of a yearling calf. Perspiration poured down his cheeks in drops as large as partridge eggs, and in sufficient quantity to thoroughly wash his shirt. At last, by concentrating all his strength for a single decisive effort, the Judge wrenched himself from the lady's embrace, exclaiming as he did so:

"Madam, there's some mistake here!"

"Good God!" cried the lady, when she discovered that she had been wasting her sweetness on a stranger. "Good God! I thought it was Bill Davis!" And in an instant a vision of crinoline and a Caffre disappearing through a neighboring door was all that remained visible of the charming young creature.

Our Manifest Destiny.—The English journals are crying sour grapes over the purchase of Russian America by the United States, but it is easy to see that John Bull would a good deal rather the purchase had not taken place. We give the following from the London *Economist* to show how the matter is regarded by the highest financial authorities in Great Britain:

The possession of Russian America does not constitute a new inducement for the Union to conquer Canada, but it does offer a new inducement to Americans to tempt Canada into annexation. To be masters of a continent is a very taking ambition, and, with Canada in the Union, and Russian America purchased the Americans would be masters of a continent, direct masters from the Rio Grande to the Pole, and indirect masters from the Isthmus to the Straits of Kamschatka. We can easily imagine that the purchase may increase the hankering, just as the purchase of an outlying farm by a great proprietor increases his hankering to join it on to the body of his estate. And we can imagine, too, that the possession may diminish Canadian reluctance to enter the Union. Men are greatly moved by their imaginations, and to be part proprietors of a continent, to feel themselves seated forever on two great oceans, finally beyond the reach or possibility of attack, or menace, or intrigue, is a prospect which would speedily move men who, like the Canadians and Americans, have been ruled by circumstances to connect the ideas of bigness and of grandeur. To live under the idea that a neighboring State of almost irresistible power intends to annex you in the end, is very trying to politicians, as the people of Belgium know, and many among them may be tempted, like many among Belgians, to end the irritation by jumping that state, instead of waiting in suspicious preparation until the junction is effected without their consent.

The Northern Pacific Railroad.

The following article on the Northern Pacific Railroad is from the pen of Mr. Philip Ritz. We copy it from the Walla Walla *Statesman*:

Having spent most of the last year in traveling through Washington, Idaho and Montana Territories, and having crossed the continent in mid winter, partly on both of the great railroad routes and at the earnest request of Ex Governor Smith, of Massachusetts, who is President of the Northern Pacific Railroad Co, and of some members of Congress, I compiled while in Washington, the following statistics, on the practicability of the Northern route:

FIRST DIVISION.

On the first section of the country from Puget Sound, there are two routes, both practicable, one via the Columbia river, to the mouth of Snake river, the other via Snoqualmie Pass and Yakima river, to the same point. On either route there will not be much heavy grading. There is on this section an abundance of the finest timber, excepting on that part of the Columbia from the Dalles to Snake river, and a short distance of the route from Yakima to the mouth of Snake river.

SECOND DIVISION.

The second section lying between the Columbia river and the Bitter Root mountains, a distance of about 220 miles, is over a rolling prairie country, with splendid grazing, and fine timber on the Spokane river, a distance of about 100 miles.

THIRD DIVISION.

On the third section, which includes the mountainous part, a distance of 250 miles, and lying between the 110th and 112th degrees of longitude, the grading will, in places, be heavy, and will require three or four short tunnels. This will include the entire Rocky mountain district, the work on which will be heavy, but not more difficult than on the Baltimore and Ohio road, between the Ohio river and Harper's Ferry. On this entire section there is an abundance of the finest timber. On this section there is considerable good wheat land, as has been proven by the fine crops raised in Hell Gate valley last season.

FOURTH DIVISION.

This extends from the eastern slope of the Rocky Mountains to Lake Superior, a distance of about 1010 miles. The route here passes over a rolling prairie, susceptible of settlement the entire distance.

It will be seen that the entire distance on this route, between the head of Lake Superior and Puget Sound, is about 1810 miles, and that there is scarcely a mile of the entire country but will eventually be settled. It is much shorter than any other route across the continent, connecting navigable waters. The mountains are much lower and the country much more fertile. It is really the only easy pass across the American continent, for it is the only part of the continent where two large rivers rise immediately together and flow in opposite directions—the Columbia cutting its way entirely through the mountains on a water level to the Pacific; and the Missouri connecting with the great plains bordering on the Lakes. The Rocky Mountains at this point are really so low that the miners, last summer, actually took large streams in ditches from the waters of the Missouri, over the divide to the Pacific side for mining purposes. In consequence of the low passes through to the Pacific, the climate is warmer than it is in the mountains in the latitude of Salt Lake City, 400 miles due south. I crossed the summit of the Rocky Mountains near Deer Lodge valley, in Montana, on the 17th of December. There was no snow; the roads dry and dusty, and the weather mild and pleasant, and none of the streams frozen over. When I reached Salt Lake City, the snow on the Wasatch and Rocky Mountain ranges, was 26 inches deep, and the night we crossed the Wasatch range, the thermometer stood at 10° below zero, and Green river and all those streams in the mountains had been frozen over six weeks, so that the stage rolled over on the ice. Such was the difference in the climate of the two routes. The differences in the real wealth and resources of the two routes is perhaps even greater than that of climate. The central route, after it leaves the mining country of Nevada, around Virginia City, passes up the Humboldt country towards Salt Lake, for a distance of 500 or 600 miles over the most desolate and barren country on the American continent. The country has neither mines, timber, nor any other redeemable quality about it. Salt Lake valley is a small and rather fertile valley; the only fertile spot for hundreds of miles. From Salt Lake City to Denver, a distance of six hundred miles, the route lies over an alkali and sage plain. On the other hand, there is not one mile on the northern route that does not either furnish timber, grazing, agricultural lands or minerals, and in some instances all together. Montana is just in its infancy; its mines scarcely prospected, and yet last season, according to the report of the Treasury Department, Montana stood second on the list in the amount of gold produced; California producing $25,000,000; Montana, $18,000,000; Idaho and Colorado, $17,000,000 each, and Nevada $16,000,000.

The mountains of Montana are a perfect net work of quartz ledges, immensely rich in gold and silver. Five years from this time, I believe there will be as much as $40,000,000 of gold and silver taken from the mines of Montana per year; more than one-fourth enough to build and equip the Northern Pacific Road, ready for use. There are also immense mines of coal, iron, copper, and lead in the country. The northern route crosses but one range of mountains, and that at a point which, so far as the experience of white men have gone, is known to be as passable in winter as the Michigan Central Railroad. In deciding the question of relative distance, we must consider the entire distance between Liverpool and Canton. Say the mean latitude of the North Pacific route is 46°, and of the central 37½, and a difference of nine degrees exists. Now a degree of longitude (longitude contracting as we approach the polls) is about six miles shorter on the former than the latter. There are 240 degrees of longitude between Liverpool and Canton; this makes the navigator's distance, on the line of the North Pacific, 1440 miles less than the central. This longitudinal difference is quite an item. This difference in distance is not the only item in favor of the northern route. It is an established fact that every sailing vessel, bound directly from San Francisco to Hong Kong, comes up to, and even beyond the latitude of Puget Sound, before striking directly west, in order to take advantage of the wind currents of the Pacific Ocean. Time, these days being an important consideration in commercial transactions. The argument would still be in favor of the North Pacific route, admitting rates of transportation to be equal on bothe lines. But these rates would not be the same, even if the distance of the two were equal, for the reason that the country would be self-supporting on nearly every mile of the northern route, while on the central, for hundreds of miles between Salt Lake and Nevada, not a tie for the track, nor a stick, nor a pound of coal for fuel can be had. All these things must be brought from abroad.

Now, owing to adventitious circumstances—the discovery of the precious metals in California, Nevada and Colorado—and the settlement of Mormons in Utah, the bulk of local business seems to be on the side of the central route. But Montana will soon outstrip California in the yield of gold; besides the route passes through a country susceptible of settlement all the way from Lake Superior to Puget Sound, and there is no doubt but that five years hence there will be as much local business through Minnesota, Dacotah, Montana, Idaho, Washington and Oregon, as through Nebraska, Colorado, Utah, Nevada and California. *Accident* gives the central route the present preeminence; nature insures the northern the final victory.

It is not generally known, the large amount of business that was done in Montana last season. From May, 1866, to Oct. 1st, 1866, C. C. Huntley carried on his line of stages, between Fort Benton and Helena, 2,500 passengers, and during the same period 9,500 tons of freight passed from Benton to Helena, 4,375 freight wagons passed over the same route; 45 steamboats with passengers and freight arrived at Fort Benton from St. Louis, and other points in the east, and this, be it remembered, is the first season that this trade has been carried on to any extent, and also, that this is but one point in the Territory. It is really the commencement of a great trade that will require a vast capital, and employ the energy and industry of a large number of persons.

There are no less than four lofty ranges of mountains to cross on the central route. The Rocky mountains, at Bridger's Pass, being the most passable crossing, the Wasatch, the Humboldt, and the Sierra Nevadas are barely passable in summer. By the way of Pen d'Oreille Lake, on the northern route, freight can be taken from the Columbia to the Missouri nearly all winter. Another advantage possessed by the northern route, is that at present the distance is less than 600 miles between the head of steamboat navigation on the Missouri and Snake rivers, and when the boats are completed, which are now building on the Pen d'Oreille lake and Clark's Fork of the Columbia, the land travel will be reduced to about 390 miles.

Did time and space permit, I might give further proof of the superiority of the northern route. In my comparative reasoning, I have made those distinctions with no invidious feeling. The sooner San Francisco is connected by rail with New York, the better for Washington and Montana, in common with all the mountain regions. It is gratifying to see our friends to the southward prosecuting their enterprise with so much vigor. But I am perfectly satisfied in my own mind that the time will come, when the trafficing wealth of Europe and Asia will be poured across the mountains and valleys of Washington and Montana Territories.

Our prospects, it is true, look rather dull here at present, the whole energy of the Pacific coast being concentrated in building the central road, and for a short time we may expect dull time. The attention of capitalists cannot be diverted from this enterprise much longer, and when once fully examined, there will be millions of capital ready to invest in it.

Let us open up the Mullan road, and the lake route, and all other routes to the Missouri river, and invite travelers and emigrants to come this way and see the advantages of this northern country, and then we will have no trouble in getting money to build a railroad.

Jan. 7, 1867, d:tf.

Consumption like the Rattle Snake, always gives warning of its approach. A hacking cough, dull pain in the chest, difficulty of breathing, are the indications that there is more or less irritation of the lungs. If this be neglected, and go on until pustules are formed, followed by tubercles, which sometimes eat off the blood vessels, death will be the result. **Allen's Lung Balsam** will heal the irritated parts, allay the inflammation, removing the phlegm and matter, thus stopping the cough, and preventing fatal consumption. For sale by all Medicine Dealers. dtc

Benjamin Todd will lecture on Spiritualism at Oro Fino Hall in this city, every Sunday at two o'clock P. M. and half-past seven P. M., during the months of May, June and July, 1867. He will also hold Question Meetings at said Hall every Saturday evening at half-past seven o'clock, during the said months.

jy6deowly San Francisco

PERRY DAVIS' VEGETABLE PAIN KILLER,

after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there have been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased, and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in case of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy in case of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

Patents for Inventions.

Business with the United States Patent Office, such as filing Caveats, and procuring Letters Patent, will be prosecuted with strict care and attention. All business of this character will be strictly confidential.

General Land Office—Patents for Lands.

Will attend to procuring Patents for United States Lands, located by Land Warrants or purchased with cash. All business connected with the General Land Office, such as collecting money for lands erroneously entered with cash, or return of the Land Warrants erroneously located; the settlement of cases under the Pre-emption Laws, and examining titles, will receive prompt attention.

Bounty Land Warrants.

Will procure Bounty Land Warrants (160 acres) for each of the surviving Officers, Chaplains, Soldiers, Seamen, Marines, Clerks, and Landsmen in the Navy—Wagon Masters and Teamsters, who served in any of the wars in which the United States has been engaged since 1790 to 1861. In case of the death of any of the above, the widow or minor children are entitled.

Bounty and Arrears of Pay.

Will procure arrears of Pay due Officers, and Bounty and arrears of Pay due Soldiers, Seamen and Marines. If any of the above have died, the amount due is payable to the Widow, Children, Father and Mother, and Brother and Sister, in their turn.

Pensions.

Will procure Pensions for Officers of the Army and Navy, Soldiers Seamen and Marines, who have been disabled by wounds received, or who contracted a disease while in the line of duty; and if any of the above were killed in battle or have died from said causes, the following are entitled to them in their order, viz: Widow, Children (under 16 years of age), Father and Mother and Sisters, if dependent upon their deceased son or brother for support, either in whole or in part.

The Pension Laws apply to *all* wars in which the United States have been engaged.

All communications asking advice or information should enclose postage, or whenever of a character requiring it, should be accompanied with a reasonable fee.
January 21, 1867. dtf A. M. S.

Sheriff's Sale.

BY virtue of an execution issued out of the County Court of Linn county, State of Oregon, and to me directed, in favor of Parrish & Atkinson and against Isaac Hays, defendant, I did, on the 28th day of April, A. D. 1867, levy on the same on one frame house, &c., &c., on lot 8, in block 16, in Couch's Addition, together with the lease hold thereto, as the property of the above named defendant, and will proceed to sell the same at public auction in front of the Court House door, in Multnomah county, on Thursday, the 6th day of June, A. D. 1867, at the hour of 10 o'clock A. M., to satisfy the above execution and costs, amounting to eighty-seven 50-100 dollars costs and accruing costs.

JACOB STITZEL,
Sheriff of Multnomah county, Oregon.

LEFFEL'S

AMERICAN DOUBLE TURBINE

WATER WHEEL!

THESE WHEELS, unequaled and unrivaled in the United States or the world, have been fully tested on this coast, more than forty being in use at this date, driving all kinds of machinery, Saw Mills, Flour Mills, Quartz Mills, Woolen Factories, &c., &c.

On account of the extraordinary demand, our stock of wheels is considerably reduced, and we are entirely out of several sizes; therefore parties contemplating using our wheel, to be certain of securing them in time, should give their order at least three months before they expect to get them, that we may be able to make them by the time needed.

We cheerfully refer to all using our wheels, and are assured that *all will affirm that our wheels accomplish all and even more than we claim for them.* Address

Medical.

DR. HENLEY'S

Fountain of Life!

THE

GREAT BLOOD PURIFIER!

IN EVERY PROGRESSIVE SCIENCE PERIODS ARrive when a new direction is imparted to its course. This is a period of discovery of new facts shedding a light which changes the whole aspect of the science. The present is an epoch of this kind, and this Great Remedy, now offered to the public, in connection with the theory on which it is based, is destined to effect an entire revolution in the treatment of the diseases of

SCROFULA AND KING'S EVIL!

by eradicating the disease entirely from the blood. The FOUNTAIN OF LIFE is composed entirely of vegetable extracts; it contains no Mercury or other mineral substance.

The Proprietor and Discoverer of this Sovereign Remedy CHALLENGES THE WORLD to furnish anything, from the days of Æsculapius down to the present time, in the arcana of Medical Science, which can vie with or excel the intrinsic properties of this Great Blood Purifier. Its value has been tested with the happiest effect in the most obstinate cases of Scrofula, that baffled the skill of the most eminent physicians in the world. No matter what form the dreadful disease of SCROFULA and KING'S EVIL may have assumed, it can in no way be more safely and certainly arrested in its progress than by HENLEY'S GREAT BLOOD PURIFIER. Thousands have been swept into their graves, who had they made a timely use of the FOUNTAIN OF LIFE, might now be enjoying the blessings of life and health. It requires an article of real merit and intrinsic value to sustain itself. During the stern ordeal of public experiment the FOUNTAIN OF LIFE has stood the test trial, and not been found wanting.

Dr. HENLEY guarantees to CURE any case of SCROFULA or KING'S EVIL in the world, and eradicate the disease entirely from the system, or no charge made—provided they will secure him his pay when they are cured.

FOR REFERENCE:

I would refer you to L. L. Peck, of Portland, Oregon, and numbers of others, as to what a miraculous effect it had in a short time, in cases that had baffled the skill of physicians for years.

DR. WM. HENLEY,
feb5d4ptf Portland, Oregon.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, [illegible]ted and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cared for and cured before it is too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial stu[illegible], and who is certain to cure the most inveterat[illegible] without mercury or any injurious drugs. It is [illegible] to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent [illegible] from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self abuse. This solitary vice, or depraved sexual indulgence [illegible] by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form [illegible] a disposition to shun society, [illegible] flushes; pimples and various [illegible] about the face, furred tongue, fetid breath, co[illegible] consumption, night sweats, monomania and frequ[illegible] insanity. If relief be not obtained, should apply imm[illegible] either in person or by letter, and have a cure eff[illegible] by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Persons at a distance may be CURED AT HOME, by addressing a letter to Doctor Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box [illegible].

Consultations FREE.

Prevention Better than Cure.

The newly invented Patent French Safe, a sure preventive against Diseases and Pregnancy, sent by mail. Price $2. Address DR. J. F. GIBBON, 616 Kearney St., cor. Commercial, San Francisco. Postoffice Box [illegible].

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian* (or *Weekly Oregonian*, as the case may be.)

GOOD GRUB AND PLENTY OF IT!

AT THE

Bennett House,

SALEM, OREGON.

L. JAY S. TURNEY,

HAVING LEASED THE ABOVE NAMED HOTEL, is prepared to accommodate the traveling public, and ONE HUNDRED REGULAR BOARDERS, in as good style as any House on the Coast. He has determined to make the "Bennett" as good as the best and *better* than any public house in Salem. He will soon complete some important improvements, which will add greatly to its appearance and comfort, and intends to merit and hopes to receive his share of patronage.

He has secured the services of "Charley" (known to be the best cook in Salem, and one of the best in the whole country) and other competent persons to manage the culinary department, and is resolved to set as good a table as can be found anywhere—not in clap-trap, pomp and show, flummery and fine furniture, but in an abundant supply of the very best the market affords.

His Bar-room will be kept warmed and lighted, and well supplied with newspapers, periodicals and other suitable reading matter, and kept in a manner which will make it an agreeable resort.

In short, he intends making an effort to please all who stop at the BENNETT HOUSE. And he most respectfully requests his friends everywhere to give the old and well known stand at least one more trial before concluding they can do as well elsewhere, and promises if they are not well treated, and properly cared for, *and at reasonable figures*, it will not be the fault of the public's most obedient and most humble servant,

L. JAY S. TURNEY.

Salem, Oregon, Nov. 12, 1866. dtf.

Sheriff's Sale.

BY virtue of an execution and order of sale issued out of the Circuit Court of the State of Oregon, for the county of Multnomah, to me directed, in favor of Rebecca F. Ross, administratrix of the estate of Sherry Ross, deceased, and against L. M. Parrish *et. al.*, for the sum of eleven hundred and fifteen 81 100 dollars and interest and costs, I have, this 29th day of May, 1867, levied on the premises described in said execution and order of sale, to-wit: The S. ½ of the S. E. ¼ of Sec. 28, and the N. ½ of the N. E. ¼ of Sec. 33, in Township One South of Range One East in the Willamette District; and on Thursday, the 27th day of June, 1867, at the hour of 10 o'clock, A. M., in front of the Court-House door, in said State and county, I will sell the same (or so much thereof as shall be necessary to satisfy said execution interest and costs) at public auction to the highest bidder therefor.

JACOB STITZEL,
j1-4w Sheriff Multnomah County Og'n.
